

SIMPLIFY LIFE AT WORK

with a **Single System** to Manage Your Business

Aberdeen's research finds that 96% of Best-in-Class (the top 20% of performers) growing businesses have implemented an Enterprise Resource Planning (ERP) solution. These solutions are designed to help organizations of all sizes to face their challenges and provide a single business system to support visibility, efficiency, and decision-making. ERP is the key tool in business to make your life easier.

Challenges for growing businesses without a single system

83%
Systems cannot interact with one another

89%
Systems cannot track business processes

83%
Inaccurate data

78%
Redundant data

72%
Inability to access data when away from the office

It's difficult to grow without being able to communicate standards and understand business performance.

HOW USING A SINGLE SYSTEM HELPS A GROWING BUSINESS

48%
Real-time visibility into the status of all processes (compared to 6% without)

77%
